National Health Commission, P.R. China

National Forestry and Grassland Administration

China National Intellectual Property Administration

Chinese Academy of Sciences

Chinese Academy of Engineering

National Medical Products Administration

National Natural Science Foundation of China

Co-organizer:

The People's Government of Sichuan Province

Invitation

Traditional Chinese Medicine (TCM) is the treasure of ancient Chinese science and the key to the archive of Chinese civilization. It has made indelible contributions to human health and world civilization for thousands of years. In order to further explore the essence of the traditional Chinese medicine and promote the integration of production, education and research, necessary measures should be taken to facilitate the industrialization and modernization of TCM and lead TCM to the international path. Therefore, 13 ministries and units, including the Ministry of Science and Technology, P.R. China, National Administration of Traditional Chinese Medicine, Ministry of Education, P.R. China, Ministry of Industry and Information Technology, P.R. China, National Ethnic Affairs Commission, P.R. China, Ministry of Agriculture and Rural Affairs, P.R. China, National Health Commission, P.R. China, National Forestry and Grassland Administration, China National Intellectual Property Administration, Chinese Academy of Sciences, Chinese Academy of Engineering, National Medical Products Administration, National Natural Science Foundation of China, together with the People's Government of Sichuan Province, decided to host the 7th International Conference on the Modernization of Traditional Chinese Medicine (ICETCM) in Chengdu, Sichuan, during October, 2022.

In order to look into the future of science while remaining the traditional root, the 7th International Conference on the Modernization of

Traditional Chinese Medicine (ICETCM) will take “TCM and People’s Health in the New Era” as its theme, discussing the unique role of TCM in combating Covid-19 and development of TCM in the new era with ICETCM as a platform to pool wisdom and promote communication. The Organizing Committee of ICETCM welcomes the participation of international organizations, scientific research institutions, medical institutions, universities, and enterprises in other countries (regions) to participate in this grand gathering and invites experts from the political, industry, education and research sectors to discuss the development of traditional Chinese medicine. By jointly promoting the modernization and internationalization of traditional Chinese medicine, we can better serve the well-being of all people.

I. Organizational Structure

(I) Chairmen

Principal leader of the Ministry of Science and Technology of the People's Republic of China

Principal leader of the People's Government of Sichuan Province

(II) The Organizing Committee

Directors: Leaders of the Ministry of Science and Technology of the People's Republic of China and the People's Government of Sichuan Province

Deputy Directors: Leaders of the organizers

Members: Directors-general of relevant departments of the organizers

Secretaries-General: Principal leader of the Social Development and Technology Department of the Ministry of Science and Technology of the People's Republic of China

Secretary-General of the People's Government of Sichuan Province

Director-General of the Science & Technology Department of Sichuan Province

(III) The Academic Committee

Consultant:

Wang Yongyan,

Academician of Chinese Academy of Engineering; Honorary

President of China Academy of Chinese Medical Science;

Member of China Central Institute for Culture and History

Zhang Boli,

Academician of Chinese Academy of Engineering; Honorary

President of China Academy of Chinese Medical Science;
Honorary President of Tianjin University of Traditional Chinese
Medicine

Chen Kaixian,

Academician of Chinese Academy of Sciences; Chairman of the
Academic Committee of Shanghai University of Traditional
Chinese Medicine

Chairman from the Chinese side:

Huang Luqi,

Academician of Chinese Academy of Engineering; President of
China Academy of Chinese Medical Sciences; Deputy Head of
the National Administration of Traditional Chinese Medicine

Chairman from the foreign side:

David M. J. Lilley,

Fellow of the Royal Society; Director of CR-UK Nucleic Acid
Structure Research Group and Professor of Molecular Biology at
University of Dundee

Vice Chairmen: Panel chairmen

Secretaries-General:

Tang Xudong,

Vice Dean and Chief Researcher at China Academy of Chinese
Medical Sciences; and Academician of International Eurasian
Academy of Sciences

Peng Cheng,

Director of State Key Laboratory of Southwestern Chinese
Medicine Resource; Vice President & Chief Professor at Chengdu
University of TCM

Details about the organizations can be found on the official website of the conference:

<http://www.icetcm.org.cn>

II. Theme

TCM and People's Health in the New Era

III. Content

(I) Plenary Session

Leaders deliver speeches and keynote reports;

Chinese and overseas renowned experts deliver academic reports.

(II) Panels

Panel 1: TCM and Covid-19 Prevention and Treatment

Content:

Panel 1 will focus on how to inherit TCM and dare to break through innovation in preventing and treating Covid-19 infection. The main themes are the theory, clinical practice and research of TCM and a combination of TCM and western medicine in Covid-19 treatment. Panel 1 aims at promoting in-depth academic exchanges, enhancing international cooperation and sharing the wisdom and strength of TCM in Covid-19 prevention and treatment.

Co-organizers:

China Academy of Chinese Medical Sciences
Chengdu University of TCM
Public Health Clinical Center affiliated with Chengdu University of
TCM

Panel 2: Inheritance and Innovation of TCM Theories

Content:

Panel 2 will focus on the latest research results at home and abroad in the past 40 years in : (1)basic TCM theories and the inheritance and innovation of renowned TCM doctors' academic theories; (2)basic and applied research of TCM in preventing and treating major diseases; (3)innovative and applied research of the combination of TCM theories and modern technologies. By summarizing and developing the academic thoughts and clinical experience of some experienced TCM doctors, this session can demonstrate the integrated application of modern new technologies, new methods and TCM, and promote contemporary and international research of TCM theories.

Co-organizer:

Chengdu University of TCM

Panel 3: Innovation and Sustainable Development of TCM resources

Content:

Panel 3 will focus on the protection, evaluation, development and utilization of TCM resources with a combination of both the tradition and cutting-edge development of TCM. Panel 3 highlights the latest

development and experience of TCM resource research to enhance international communication and cooperation and to advance sustainable development and utilization of TCM resources.

Co-organizers:

Chengdu University of TCM

State Key Laboratory of Southwestern Chinese Medicine Resource

Panel 4: Discovery and Development of Innovative TCM

Content:

Panel 4 focuses on classical formula, modified new TCM and innovative TCM. By discussing the hot and difficult issues in the industry such as market demand and innovative strategies, evaluation technical guidelines, quality regulation, international market access and pharmacology of the transformation to traditional TCM to new TCM, a consensus on industry research, evaluation, regulation and internationalized consensus will be formulated. Exploring new models of product development that conform to the characteristics of TCM can facilitate the establishment of a review, approval and regulatory system that conforms to the development laws of TCM, promote the high-quality development of the TCM industry and internationalization of innovative TCM.

Co-organizers:

Sichuan Academy of Chinese Medicine Sciences

Sichuan Traditional Chinese Medicine Transfer Center

Panel 5: International Technology Cooperation and Integrated Development of Acupuncture

Content:

Panel 5 focuses on cutting-edge international research and the inheritance and innovative development of acupuncture and discusses hot-spot and challenging issues on integrated international development of acupuncture to boost multidisciplinary and integrated development and international communication and cooperation on acupuncture research. Panel 5 conspires to better serve the great cause of human health with TCM represented by acupuncture.

Co-organizer:

Chengdu University of TCM

Panel 6: TCM for Prevention of Serious Diseases and Study of Evidence-based Medicine

Content:

Panel 6 focuses on the role of TCM in preventing and treating severe, acute and chronic diseases and evidence-based medical research. Panel 6 fully displays major achievements of TCM in preventing and treating severe and acute diseases, its clinical efficacy and evidence-based evaluation to promote global collaboration in the inheritance, innovation and clinical research of TCM and provide China's plan for effective prevention and treatment of major diseases.

Co-organizer:

Affiliated hospital of Chengdu University of TCM

Panel 7: Preservation, Innovation, Inheritance and Development for High-quality Development of Ethnomedicine in the New Era

Content:

Panel 7 focuses on the innovation of ethnomedicine theories and its modern inheritance; innovative research and development of ethnomedicine in preventing and treating major diseases; wellness sector development and demonstration of ethnomedicine science and technology; first-class ethnomedicine discipline building and student training.

Co-organizer:

Southwest Minzu University

Panel 8: New Policies and Measures to Promote TCM Inheritance and Innovative Development

Content:

Panel 8 states the new policies and new measures to promote TCM inheritance, innovation and development, explore the policies and measures for TCM inheritance and development, and facilitate the TCM related international cooperation under the Belt and Road Initiative, international access, intellectual property protection, and scientific programs.

Co-organizers:

Relevant departments and bureaus of national ministries

Relevant departments of Sichuan

IV. Agenda

Date	Morning	Afternoon
------	---------	-----------

Day One	Registration	
Day Two	9:00~11:30 Plenary Session	13:30~18:00 Panels
Day Three	8:30~12:00 Panels	

V. Languages

The working languages of the conference are Chinese and English with simultaneous interpreting services at the plenary session and for presentations.

VI. Contact Information of the Organizing Committee's Offices

The offices of the Organizing Committee will be set up in Beijing and Sichuan.

Offices in Beijing: Social Development and Technology Department of the Ministry of Science and Technology, China National Center for Biotechnology Development

Fax: 86-010-64007743

E-mail: xsbtcm@163.com

Office in Sichuan: Chengdu University of TCM

Director: Guo Jinlin

Contacts: Yu Chenghao, Zhang Huimin

Administrative body: Technology Office of Chengdu University of
TCM

Address: No. 1166, Liutai Avenue, Wenjiang District, Chengdu,
Sichuan Province

Postal code: 611137

Telephone: 86-028-61800107

Fax: 86-028-61800105

E-mail: icetcm2019@163.com

(II) Panel Secretariats

Panel 1: TCM and Covid-19 Prevention and Treatment

Secretary General

Zheng Yongli,

Vice Dean and Chief Physician of the Public Health
Clinical Center affiliated with Chengdu University of
TCM

Wang Dong,

Deputy Dean and Associate Researcher of the School of
Basic Medicine Sciences, Chengdu University of
Traditional Chinese Medicine

Contacts: Fang Ruijie, Wang Dongmei, Zheng Tianyan, Liang Min

Administrative bodies: Institute of Basic Research in Clinical
Medicine, China Academy of Chinese Medical Sciences, School of Basic
Medical Sciences, Chengdu University of TCM and Public Health
Clinical Center affiliated with Chengdu University of TCM

Address: No. 1166, Liutai Avenue, Wenjiang District, Chengdu,
Sichuan Province

Postal code: 610075

Telephone: 86-028-61800219

Fax: 86-028-61800219

Email: jc61800219@163.com

Panel 2: Inheritance and Innovation of TCM Theories

Secretary General:

Jia Zhenhua,

Director of Hebei Yiling Medical Research Institute,
President and Chief Physician of Hebei Yiling Hospital,

Jiang Cen,

Deputy Dean and Associate Professor of the School of
Basic Medical Sciences, Chengdu University of TCM

Contacts: Wen Yueqiang, Zhou Xin, Zhang Xianwen

Administrative bodies: School of Basic Medical Sciences, Chengdu
University of TCM

Address: No. 1166, Liutai Avenue, Wenjiang District, Chengdu

Postal code: 611137

Telephone: 86-028-61800219 86-028-61800159

Fax: 86-028-61800219

E-mail: jc61800159@163.com

Panel 3: Innovation and Sustainable Development of TCM

Resources

Secretary General:

Han Bo,

Dean and Professor of Pharmacy College, Chengdu University of
TCM/ School of Modern Chinese Medicine Industry

Contacts: Zhang Ruoqi, Ren Bo, Ma Xiao

Administrative bodies: Pharmacy College, Chengdu University of

TCM/ School of Modern Chinese Medicine Industry

Address: No. 1166, Liutai Avenue, Wenjiang District, Chengdu,
Sichuan Province

Postal code: 611137

Telephone: 86-028-61800231 86-13882271228 86-15008260945
86-18684007368

Fax: 86-028-61800231

E-mail: pharmacy_cdutcm@163.com

Panel 4: Discovery and Development of Innovative TCM

Secretary General:

Zhang Lei,

Director and Researcher of Scientific Research Section of
Sichuan Academy of Chinese Medicine Sciences

Hua Hua,

Deputy Director and Associate Researcher of Sichuan
Traditional Chinese Medicine Transfer Center

Contacts: Wu Mingzhu, Guo Shanshan

Administrative body: Sichuan Academy of Chinese Medicine
Sciences

Address: No. 51, Section 4, Renmin South Road, Chengdu, Sichuan
Province

Postal code: 610041

Telephone: 86-028-85237056 86-18919561072 86-18780172506

E-mail: proapp@163.com

Panel 5: International Technology Cooperation and Integrated Development of Acupuncture

Secretary General:

Zhao Ling,

Dean of College of Acupuncture and Massage, Chengdu University of TCM

Contact: Hong Xiaojuan

Administrative body: College of Acupuncture and Massage, Chengdu University of TCM

Address: No. 37, Shierqiao Road, Chengdu, Sichuan Province

Postal code: 610075

Telephone: 86-13882266624 86-028-87683962

E-mail: hongxiaojuan@cducm.edu.cn

Panel 6: TCM for Prevention of Serious Diseases and Study of Evidence-based Medicine

Secretary General:

Xie Qi,

Chief of the Academic Management Section of China Academy of Chinese Medical Sciences

Tian Li,

Vice President of Affiliated Hospital to Chengdu University of TCM

Contact: Ye Hejiang

Administrative body: Affilicate Hospital of Chengdu University of TCM

Address: No. 39, Shierqiao Road, Chengdu, Sichuan Province

Postal code: 610072

Telephone: 86-028-87767380

Fax: 86-028-87732407

E-mail: cddmbase@163.com

**Panel 7: Preservation, Innovation, Inheritance and Development
for High-quality Development of Ethnomedicine in the New Era**

Secretary General:

Gu Jian,

Dean and Professor of Pharmacy College, Southwest
Minzu University

Contacts: Li Jiachuan, Gong Puyang

Administrative body: Pharmacy College, Southwest Minzu University

Address: No. 16, South Section 4, First-ring Road, Chengdu,
Sichuan Province

Postal code: 610041

Telephone: 86-13882156288 86-13060003213 86-13220772210

Fax: 86-028-85523968

E-mail: gujiancd@163.com

**Panel 8: New Policies and Measures to Promote TCM
Inheritance and Innovative Development**

Secretary General: to be confirmed

Contacts: Shi Liangping Jiang Jun

Administrative body: Science and Technology Department of

Sichuan Province

Address: No. 39 Xuedao Street, Jinjiang District, Chengdu, Sichuan

Postal code: 610016

Telephone: 86-028-86674945 86710082

Fax: 86-028-86674945
